

SUBHONITA SARKAR

Email - +91 9582970198 - LinkedIn - GitHub - Portfolio - LeetCode

SUMMARY

Computer Science undergraduate with experience developing full-stack web applications, AI-powered tools, and machine learning-based projects. Skilled in React, Node.js, FastAPI, Python, and databases with strong foundations in Data Structures, OOPs, DBMS, and problem-solving. Interested in building practical software solutions and improving development skills through real-world projects.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, Python
- **Frontend Development:** HTML5, CSS3, React.js, Tailwind CSS, Responsive Design
- **Backend Development:** Node.js, Express.js, FastAPI, REST APIs
- **Databases:** MongoDB, MySQL, SQL, NoSQL
- **AI & Development:** Gemini API, AI Integration, Prompt Engineering Basics, Streamlit
- **Core Concepts:** Data Structures and Algorithms, OOPs, DBMS, Operating Systems, Problem Solving
- **Developer Tools:** Git, GitHub, Vercel, Render, Deployment

PROJECTS

- Code Complexity Analyzer — Full Stack + Generative AI Project** [Live Demo] *June 2026 – Present*
- Building an AI-driven platform that analyzes user-submitted code and predicts algorithmic complexity using Gemini API.
 - Developed backend APIs with FastAPI to process code input and deliver AI-generated optimization recommendations.
 - Implementing visualization-based UI for displaying complexity metrics and improving developer understanding of code performance.
- Developer Portfolio Website — Frontend Web Development Project** [Live Demo] *May 2026 – Jun 2026*
- Developed a responsive personal portfolio website to showcase projects, technical skills, certifications, and achievements.
 - Designed a modern and user-friendly interface with optimized layouts for desktop and mobile devices.
 - Implemented interactive sections including project showcase, resume download, and contact form.
 - Improved website performance and ensured smooth navigation with clean UI components.
 - Deployed the website using cloud hosting and managed version control with Git.
- SkillNova : AI-powered career intelligence platform — AI-powered Full Stack project** *Mar 2026 – Apr 2026*
- Built an AI-based career assistant that analyzes resumes and provides ATS scores, skill gaps, and improvement suggestions.
 - Automated personalized learning roadmap generation, helping users plan weekly skill development.
 - Developed AI-powered interview preparation system generating technical and behavioral questions with feedback.
 - Enabled real-time career coaching chatbot using contextual user data.

EDUCATION

- KIET Deemed to be University, Ghaziabad, India** *Sep 2024 – Jun 2028*
Bachelor of Technology – Computer Science and Engineering — Current SGPA: **7.02** *(Till 3rd Semester)*
- Swami Vivekanand Saraswati Vidya Mandir, Ghaziabad, India** *Apr 2023 – Mar 2024*
Class 12th — **86%**
- Swami Vivekanand Saraswati Vidya Mandir, India** *Apr 2021 – Mar 2022*
Class 10th — **90.8%**

ACHIEVEMENTS

- **GirlScript Summer of Code (GSSoC) 2026 Contributor** *2026*
Selected as an open-source contributor and actively contributing to GitHub repositories by implementing features, fixing issues, and collaborating through pull requests.
- **Solved 150+ Data Structures and Algorithms Problems**
Solved 150+ programming problems across competitive coding platforms including LeetCode, CodeChef, GeeksforGeeks, and InterviewBit, strengthening problem-solving and algorithmic skills.

CERTIFICATIONS

- **AWS Academy Graduate - Cloud Foundations — AWS Academy** *Jan 2026*
- **NoSQL Database Fundamentals — Infosys** *Nov 2025*
- **Linux — Infosys** *Nov 2025*
